3 SECRETS
ON HOW TO
KNOW
YOUR
WORTH

3 very powerful secrets on how to know your worth... how to know and validate your worth.

These secrets are a game-changer!

My name is Revi & I'm the creator of [TheFearlessWomanTribe.com](https://www.thefearlesswomantribe.com)

In 2015, I made the hardest decision of my life. I decided to leave my husband after a 20 year marriage. I was so scared. I thought I would die without him. I thought I would be homeless and broke. I thought I was a failure. I thought I was helpless and worthless. I was certain no man would ever want me. And I would never find true love. Boy – was I so WRONG!

Today I stand here before you as a transformed woman. I went from the ashes of divorce devastation to be reborn and liberated into the Fearless Woman I am today. I am a woman of worth, a woman with boundaries, a woman who knows my needs and have self met them, and know the difference between wanting a man and needing a man. And trust me ladies, I will never again “need” a man!

Sadly, due to limiting beliefs and unmet emotional needs that stem directly from our childhood, we grow up with these “memories” as our truth into our adulthood and thus attract toxic relationships and marriages that provide evidence of these limiting beliefs and unmet emotional needs. The pattern and cycle continues. How exhausting!

Knowing your WORTH is one of the most important steps to take to transform your life and become the fearless woman you were born to be!

So how to know your worth?!

SECRET #1

Have Boundaries

Boundaries is a concept I learned only after leaving my husband!

But guess what... **you're allowed to have boundaries!**

You get to decide how a person treats you...
You get to decide how they talk with you...
It's not up to them, it's up to you!

When you've set your boundaries, you are crystal clear on how a person can treat you!

And if they don't accept these boundaries, you can say NO, this is not acceptable!

"Don't yell at me..."

"I don't like this!"

"This is not acceptable to me!"

"Don't talk with me like that..."

You have the rights to stop any behavior you don't want to accept.

**YOU ARE ALLOWED TO
HAVE BOUNDARIES.**

SECRET #2

Tap Into Your Intuition

We, as women, create life and give birth.

Whether you decide to have kids or not, it's irrelevant.

You have THE POWER to give birth. You can carry a baby in you, create a food, provide life. It's mindblowing!

When you grasp the concept of that, you understand the reason why we have the intuition.

This is what makes us so much different from men! We are mystical creatures with ability to create life and so we HAVE intuition.

Intuition doesn't come from our minds, it comes from our hearts.

Honor your intuition. Don't ignore it!

The more you use your intuition, the stronger it becomes.
That's how you tap into your worth!

**HONOR YOUR INTUITION.
DON'T IGNORE IT!**

SECRET #3

Recognize That You Come First

This to me was a mind blowing concept.

When I left my husband I was devastated. I didn't know who I was. I didn't know what to do.

And one of the revelations I had later - I never put myself first! I didn't even put myself last... I just wasn't on the list!!

Now you must not only put on top of the list but you will ALWAYS be your own number one.

You do what feels right, you do things that do not compromise you.

When you are your own number one, it feels SO GOOD!

The best thing about this: others will put you on top as well. Like attracts like!

Honor yourself, respect yourself. Others will pay attention & do the same.

**YOU ALWAYS MUST BE
ON TOP OF YOUR LIST.**

These 3 secrets is just the cherry on top of everything I learned and I want to offer you a chance to transform your life the way I transformed mine.

Transform from a broken, uncertain woman into FEARLESS woman who knows her needs, has her boundaries set and who lives each day like it's her last.

Learn to value yourself and ENJOY the dating process. Understand that you WANT a man, not NEED one. Even better - you will never NEED a man again! Because now you will be your own true self, living a fulfilling and happy life, without being scared to be alone.
